University of Waterloo

Department of Electrical and Computer Engineering

Project Proposal:

Foo Bar

Han Weng, Hao Dong, Jingyan Fang, Yewei Li, Zhaoyang Cui
(In alphabetic order)

Instructor: Prof. Werner Dietl

September   2018

Submitted as partial fulfillment for the requirements of ECE 651

Contents

1. Background and Innovation

2. Feasibility

2.1 Architecture

2.2 Software and Hardware Requirement

2.3 Obstacles

2.4 Milestones

3. Expectation
